FAVORS THE LIBRARY

Lafayette Square Opera House.—"The Old Federation of Labor Inderses the Board of Romestead." Trade Plan.

> Many Important Matters Discussed-Railway Strike and the Bond Bill-The American University.

The Federation of Labor at its meeting last right placed itself on record as indorsing the establishment of a public library. as proposed by the board of trade, and for the furtherance of which a committee has been appointed by that body.

The subject was brought before the body by the introduction of a motion that a special committee be appointed to co-operate with the committee of the board of trade in furthering the establishment of the library, but this was amended, and as passed directed the legislative committee. which is composed of Messrs. E. M. Blake, George O. Cook, W. L. Dewart, Fred. Connors and C. J. Wells, to perform the same duties for which it had been proposed to appoint a special committee. It was also asked that the board of trade committee be requested to use its influence to make the labor bureau and workingman's library a

In the course of the discussion on the subject it was quite evident that the most progressive and thoughtful among the delegates were heartily in favor of the library scheme as proposed by the board of trade. Stress was laid on the fact that there are but fave either a proposed. but few cities or even large towns in the United States that do not have their public ibraries, and that Washington is one of the

American University.

The committee appointed to visit Rev. Dr. S. L. Beiler, vice chancellor of the American University, for the purpose of endeavoring to secure the employment of union labor exclusively on the buildings which are to be erected in connection with that institution reported that it had done so, and Dr. Beller requested that the committee would at its earliest convenience inform him in the fullest detail the advantages of the employment of day labor over contract work, he promising on his part to lay the information before the building committee at its next meeting, if the in-formatior, requested shall reach him in time to do so.

The delegates from the Building Trades

Council reported that several of the trades represented in their organization have already begun the preparation of the information which Dr. Beller desires.

Railroad Strike.

The matter of the Anacostia lockout was taken up and discussed at much length, and the disposition was shown by the large majority of the members to support the Railway Assembly in the position they have taken in the matter, and aid them to seagement of the Anacostla road, and at the agement of the Aracostal road, and at the conclusion of the speaking the federation appropriated \$50 in aid of the locked-out men. The following donations were also reported in aid of the same cause: Plasterers, \$15 additional, making a total thus far of \$46, machinists, \$5; butchers, \$5, and Carpenters' Assembly, \$10.

Bond Issue. Attention was called to the propose ssuance of street bonds by the government, and after considerable discussion the federation voted to place itself on record as opposed to the scheme, and the legislative committee was instructed to ascertain what steps may be necessary to defeat any bill that may be presented in Congress looking to the issuance of such

bonds, and to do all in its power to ac-

complish this result.

Other Business. President McHugh and the secretary were authorized to act as a committee for the purpose of inviting Eugene V. Debs to visit this city in the near future and make

an address.

The delegates from the Musical Assembly reported that they have prepared a bill, which they will submit to Congress as soon after that body meets as may be convenient, providing for the increase of the pay of members of the Marine Band and the various military bands to a fewer nent, providing for the increase of the pay of members of the Marine Band and the various military bands to a figure that will induce them to cease competing with civilian bands for work. The bill was referred to the legislative committee for appropriate action.

Announcement was made that General Master Workman Severaign of the Knights

the Anacostia men.

The credentials of newly elected delegates from the Horseshoers' Union, Street Railway Assembly and Steam Fitters' Association were received and the delegates admitted.

The committee appointed to assist the Beer Bottlers to unionize a large establishment in Washington reported progress, and the Painters reported that they had not only succeeded in uniorizing one of the largest houses in their craft here, but have every reason to believe that before spring every painting establishment in the Dis-trict will employ union men exclusively trict will employ union men exclusively.

the unfair list, as were several others.

Mr. M. D. Shenk, manager of the labor bureau, reported that he had secured positions for thirty-five men since the office was opened, and that there have been eighty-three applicarts.

The delegates from the Eccentric Engineers rep-rited that they had been able at last to settle a difficulty in regard to an engineer at Allen's Opera House, and that the man had applied for admission to the union.

Youthful Housebreakers.

Two youngsters, barely ten years of age each, were before Judge Miller in the Police Court today charged with housebreaking. They gave their names as Edmond Pettitt and Harry Gallitin, and were arrested about 9 o'clock last night, after purloining seventy-five clgars from Hugo's lunch room, at 10th and F streets northwest. Entrance had been effected by raising a window, but

was brought out that the boys are of re-spectable families, Pettitt being a son of Jules Pettitt, a tailor, of 1512 14th street northwest, while Gallitin's father is Daniel B. Gallitin, a patent attorney of 1410 P street northwest. Gallitin claimed that he had never been

arrested before, but Pettitt admitted that the present instance was not the first time he had been behind the bars. A policeman, who happened to be in court, explained that Pettitt has been arrested for housebreak-ing several times, twice last summer at the Down Town Club, once at the Losekam and also at a number of real estate offices. After lecturing the boys severely Judge Miller sent for their parents before disposing of the case. Pending their arrival the youthful prisoners were taken back to the dock.

Thanksgiving at the Post Office.

Donations to Be Received at the Building Tomorrow. The report of the National Homeopathic Hospital for the fiscal year ending June 30, 1895, recently submitted to the superintendent of charities, states the hospital buildings to be in fine condition since the completion of the extensive improvements and repairs begun in the early part of the year, and to be well adapted for their purooses. The hospital has been painted throughout, both outside and inside, and nany of the rooms have been entirely refurnished, modern and the most approved furniture for hospital uses taking the place of more antiquated styles. In all cases this has been done by charitable individ-

uals or organizations.

The credit for the excellent condition that the hospital buildings are now in is almost wholly due to the very efficient auxiliary organizations, known as the Ladies' Aid and the Nordhoff Guild, which have relied most of the mores, for reserving have raised most of the money for recent

imprevements and repairs.

The receipts of the hospital for the year, including \$8,000 appropriated by Congress, was \$21,089.23, and the expenditures, \$29,506.88. Of the receipts \$5,950.55 came from pay patients; \$1,605.95 from earnings of purses in outside sureing and \$1.400 from turses in outside nursing, and \$1,400 from the Ladies' Aid Association.

the Ladies' Aid Association.

The number of patients treated in the hospital proper during the year was 458, of whom 163 were pay and 295 free patients. In the out departments 5.508 patients were treated, nearly one-third of them requiring surgical attention. Formerly, and until a comparatively recent period surgery did not cut much of a figure in the work of this hospital, but is now its leading characteristic. The hospital has a well established and a wide reputation for the excellence of its work in this line. The training school for nurses established two years ago is in a flourishing condition, and its marked success is ng condition, and its marked success is largely to the careful and thorough

due largely to the careful and thorough work by the present superintendent.

Thanksgiving day is "Donation" day at this hespital, and contributions of money or donations of articles appropriate for hospital use, such as canned goods, jellies, old linen, sheets, pillow cases, blankets, towels, napkins, etc., will be received at the hospital, corner of 2d and N streets porthwest.
